Hearing held. Defendants present and out of custody.

The Court heard motions from Defense counsel to permit the defendants to waive travel for defendants to physically appear for the next hearing date. The Court granted the request and ordered that the defendants appear by telephone. Counsel for defendants to arrange the necessary CourtCall appearances.

The Court continued the matter as to both defendants to **March 13, 2019** at 9:15 a.m. for Further Status hearing.

The Court **GRANTED** the parties' motion for a continuance. Per 18 U.S.C. §3161(h)(7)(A), the Court found the ends of justice served in granting the continuance outweighed the best interests of the public and the defendants in a speedy trial, and excluded time from January 9, 2019 through and including March 13, 2019. The reason for the finding was that failure to grant the continuance would deny the parties reasonable time for effective preparation, taking into account the exercise of due diligence, continuity of counsel, and for additional reasons as stated on the record, per 18 U.S.C. §3161(h)(7)(B)(iv).

Court adjourned.
